

EFPP ONLINE EVENT on the 6th of December 2024

4TH PCFP STUDY DAY

FROM THE CONSULTING ROOM TO THE SCREEN ONLINE SETTINGS WITH FAMILY & COUPLES

Introduction

This study day invites us to explore the psychoanalytic dimensions of working with couples and families in the virtual therapeutic space. As the traditional boundaries of the consulting room are reimagined on screen, we will consider how unconscious processes, transference, and countertransference manifest in the digital realm. A clinical material will allow us to examine the complexities of holding the therapeutic frame online and reflect on how the virtual setting influences the dynamics of intimacy, conflict, and communication within relationships.
